various makes. There are weekly exercises.

- 4. The same barracks holds an AAA section, which was installed there in the spring of 1953. There are 440 to 470 men, wearing red shoulder boards and insignia and belonging to the active classes, 1930 to 1932. There is an observation and information platoon and three batteries, each with four automatic 37 mm guns. The battalion moves out daily to the target range, where firing positions have been built. Once a week there are infantry exercises. The auto park has 37 or 40 prime movers and trucks, mostly Wieppon and Caepel types.
- 5. At the Hosszuvölgy camp there is stationed a technical battalion still in process of organization, and incomplete.
